NASHVILLE, Tenn. – Country music superstar Luke Bryan, along with Concerts West/AEG Presents and Resorts World Las Vegas, has announced dates for his first-ever headlining run of shows in Vegas will begin on Feb. 11, 2022. Bryan is scheduled for six shows that month with more to be announced soon. The concerts will take place at The Theatre at Resorts World Las Vegas, a 5,000-capacity, world-class theatre that will open its doors this November. Tickets, plus VIP and premium ticket packages, go on sale to the public starting May 24 at 10 a.m. at AXS.com.

“We are looking forward to putting a show together for the fans in Vegas that will be a unique way to see me in concert, something different than coming to a show on the road,” Bryan said. “When I saw the renderings and all of the state-of-the-art technology that The Theatre at Resorts World Las Vegas was offering, I just knew this was a place I had to headline. I am already working on ideas and set lists for these shows and can’t wait to get in front of the fans on this new playground where I can create a fun and super high-energy experience.”

Bryan’s show dates at Resorts World Las Vegas will be Feb. 11, 12, 16, 18, 19, 20 of 2022.

Bryan’s February run will come on the heels of his seventh sold-out “Crash My Playa” destination concert event in Mexico taking place on Jan. 19-22, 2022. He will tour across the U.S. on his “Proud To Be Right Here Tour” from July to October this year.

The announcement of performance dates at Resorts World Las Vegas follows the debut of the resort’s immersive, first-of-its-kind short film called “Stay Fabulous,” which featured appearances from Bryan as well as the property’s additional founding headliners including Celine Dion, Katy Perry and Carrie Underwood. The commercial offers a sneak peek of the entertainment to come as it takes viewers on a larger-than-life journey into the future of hospitality, entertainment and gaming with a series of highly dynamic, captivating vignettes.

The Theatre at Resorts World Las Vegas is a joint development between Resorts World Las Vegas and AEG Presents. The brand new, multilevel venue designed by the award-winning international design firm, Scéno Plus, will be home to Las Vegas’s largest and tallest performance stage with the furthest seat only 150 feet from the stage. The intimate venue will feature unparalleled comfort, unobstructed sightlines and an unmatched immersive audio experience through more than 265 L-Acoustics speakers powered by L-ISA hyperreal technology.
